Anyone working in Massage, Angel Card Practitioners and those involved with constant energy work will greatly benefit from these teachings.

I always have people asking me questions like-

Why do you smudge anyways?

How do I know when I need Smudge my home?

How do I know what to say and how to walk through a home clearing?

When is the best time to Smudge?

What tools do I use, and why?

I've decided to offer this class to answer those oh so many questions about Smudging - come out and learn the basics and meet some like- minded community members.
